

BAND SAW Ø 250 mm.

Article N° 1 127

Supplier : **MEP**
Type : **SHARK 282 SXI EVO**

State of the article : **6.0 New**

Number : **1**

SHARK 282 SXI EVO, electro-hydraulic semi-automatic band saw, for cutting from 45 ° to the right up to 60 ° to the left.

- This microprocessor machine with a controlled axis represents the latest generation of MEP project controller designed exclusively for its own semi-automatic saws.

- Semi-automatic cycle: starting the cycle gives rise to the following operations
- closing the vice and starting the engine
- descent of the head for the execution of the cut
- engine stop - head return
- opening of the vice.
- Dynamic semi-automatic cycle: by lowering the head manually to the desired position; by pressing the push button on the handle, the semi-automatic cycle starts.
