

MANUAL CUTTER-SAW CUT-OFF MACHINE Ø 115

Article N° 1 145

Supplier : **MEP**
Type : **FALCON 352 & /MA**

State of the article : **6.0 New**

Number :

FALCON 352, manual cutter with HSS cutter-saw for cutting metal from 45 ° to the right to 45 ° to the left. This is a high performance cutting model, constructed from cast iron, which is convenient and safe for any cutting operation.

The FALCON 352 machine can be delivered as a bench version or on a pedestal, with a three-phase two-speed motor.

On request, the FALCON 352 MA machine can be delivered with the automatic vice: the manual descent of the head causes the automatic closing of the vice; this model is always delivered with the base.
